THE PENTHOUSE
ON WHEELS

All of our Fifth Wheel tourers are designed and hand-built to order at our factory in Rhullt, North Wales by a highly talented team of designers and craftsmen. Life on the open road has never been more luxurious. The Celtic Rambler is like no other. Combining contemporary design with a versatile choice of customisations, the Celtic Rambler is your luxury home from home. Experience the spectacular adventure of the open road in complete comfort with your Celtic Rambler.

AN UNLIMITED
SENSE OF COMFORT

The Celtic Rambler has been intelligently designed to allow two people to enjoy the great outdoors in absolute comfort, while still being able to sleep four adults easily. There's just so much room; room to relax, to stretch out and to really feel at home. The Slide out which is operated at a touch of a button provides even more space and an extra high ceiling adds to the sense of freedom that's unique to the Celtic Rambler.

A real plus is the underfloor heating which includes fifty metres of heating pipes that are tucked away beneath the floor to keep you toasty even in the chilliest climates. In addition to the large full size sofa, there is a smaller sofa opposite, so entertaining friends or family is seamless in the Celtic Rambler.
